P430 Pro Notebook
PC Business Solutions

Productivity or value?
How about both?

The P430 Pro notebook provides exceptional all-around business usability, thanks to robust design and state-of-the-art technology. Advanced technologies begin with the 14" LED-backlit high-definition LCD, which delivers bright, colorful images. The 16:9 screen displays widescreen DVD movies with no black bars. An Intel® Core™ i3-330M processor with Genuine Windows® 7 Pro 64-bit OS helps navigate applications with ease, by enabling 2-way multitask processing. HDMI connectivity lets you connect to a large high-resolution TV. And PC-to-PC connectivity allows real-time sharing. It's the notebook that combines durability and productivity. The Samsung P430 Pro.

Samsung notebooks. Crafted to perform.

Samsung

Dimensions (W x H x D)	13.5" x 9.4" x 1.45"
Weight	4.67 lbs.
EPEAT	Gold

Features:

Intel Core i3-330m Processor
Multi-core processing provides 2–way multitask processing with two dedicated physical cores. It allows handling of multiple applications simultaneously with less wait time.

HDMI Connectivity
For the ultimate viewing experience, connect the Samsung P430 Pro notebook to an HD television or home theater system using the built-in HDMI connection.
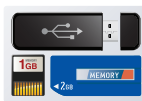

LED-Backlit Display with 16:9 Aspect Ratio
The LED-backlit display offers higher brightness and more vivid color. You can display photo-quality images, greater viewing angles and crisp text. LED technology enables thinner screens, and require less energy for longer battery life. And a 16:9 ratio means DVD movies fill the screen without any annoying black bars.

High-Capacity Data Storage*
With its 250GB hard disk drive, the P430 Pro has room for your favorite movies, photos, music and more.

Simple Data Sharing
With a host of advanced connectivity tools, including a 3-in-1 memory card reader and 3 x USB 2.0 ports, the P430 Pro seamlessly moves data from digital cameras, camcorders, MP3 players or PDAs, straight to the notebook.

Eco-Friendly Design
Because of its extreme energy efficiency and zero use of hazardous materials, the P430 Pro is rated EPEAT Gold and is TCO 5.0 and RoHS compliant. The P430 Pro is a smart choice from both an economical and an ecological point of view.
